# Smile for Life

## *We are pleased to announce the launch of our new 'Smile for Life' plan.*

We know the effort you put in to get your teeth exactly the way you want them, now we can offer you a cost effective way of maintaining them in the long term. How often do you hear people say that they had their teeth straightened when they were younger but lost or just stopped wearing their retainer shortly after treatment finished and now have to start the whole process again!

Ewan Bramley has now designed a care package that caters for all brace patients including those who finished their treatments months ago and for those who are just about to come to the end of their treatment. For a monthly fee of £19.99 we will not only look after your everyday oral maintenance, including visits to the hygienists and regular exams with one of our qualified dentists but we will also monitor and maintain the position and retention of those teeth that you spent so much time, effort and money getting perfect.

### *What you get every year:*

- ✓ **2 appointments** with our highly respected hygiene team (see their wonderful reviews!!), for your teeth and gum maintenance.
- ✓ **1 appointment** with one of our very experienced Dentists who will give you an examination and check that your retention is working.
- ✓ **2 emergency appointments** every year, so should you be in pain or you lose your retention, we guarantee to see you the same day and you are exempt from paying the £69.60 emergency fee.
- ✓ **Professional tooth whitening**, home care package, is also included in this plan, please speak to reception for more information.
- ✓ If required we will provide **2 free retainers** every year or repair any fixed retention that may have failed.
